

1974 Campmobile

1974 Campmobile

For getting out to see the country get into a VW Campmobile. The 1974 Campmobile—with more power and an optional automatic transmission—gets you where you're going in comfort. And when you get there you don't have to search for a spot to eat or sleep. A fully equipped Campmobile is a joy to live with. In fact, the new interior design makes it more than ever like home. There's an icebox. Or optional refrigerator and stove. Sink. Cabinets. Closets. Sleeping facilities for four adults and a child. A new sliding door lock for easier entrances and exits. A re-designed pop-top for stand-up head room. And don't forget the new VW Owner's Security Blanket with Computer Analysis.* Once you step into a Campmobile you may not want to leave home. But then that's the nice thing about it. You really don't have to.

*VW Owner's Security Blanket with Computer Analysis.

First, we guarantee your car for 12 months or 20,000 miles, whichever comes first. All you do is show reasonable care and maintain the car according to our schedule. Except for fluids, filters and lubricants, if *anything* goes wrong during that period and it's our fault we fix it free of charge. And free of charge means free of charge—parts and labor.

In addition: Computer Analysis. During your warranty period your car is entitled to free computer check-ups.

In addition: Our Fault Transportation. If we have to keep your car overnight to make warranty repairs we'll lend you a car free of charge.

In addition: Express Care. If we can fix your car in half an hour we'll do it—then and there.

We check it for free. We fix it for free. And if we can't fix it the same day we give you wheels for free.

VW Owner's Security Blanket. It covers a lot.

See us for details.
