

DASH TIDY

T25 RHD 1979-1992

JK Part Numbers: J10919

FITTING GUIDE

1. Before mounting your dash tidy you will need to decide whether you want to use your ashtray or not. If you decide to use the ashtray remove it from the dash, cut and trim the recess in the tidy for the ashtray to drop into later.

2. Position your tidy onto the dash top. When you are happy it is sitting correctly, drill pilot holes through the tidy and into the dash top at the points in the middle of the large flat area and the 'pen holder' on the left hand side of the tidy.

3. Using the screws provided, screw the tidy to the dash, ensuring you do not screw down too hard as this will damage the tidy.

NOTE: If you are using the ashtray, reinstall in the pre-cut hole.

N.B. Whilst every attempt is made to ensure that these instructions are as accurate and clear as possible, we cannot be held responsible for misinterpretation of these instructions or for any subsequent accident or damage caused through mis-fitted parts.
