

The VW Motent.

Hitch one to your Wagen.

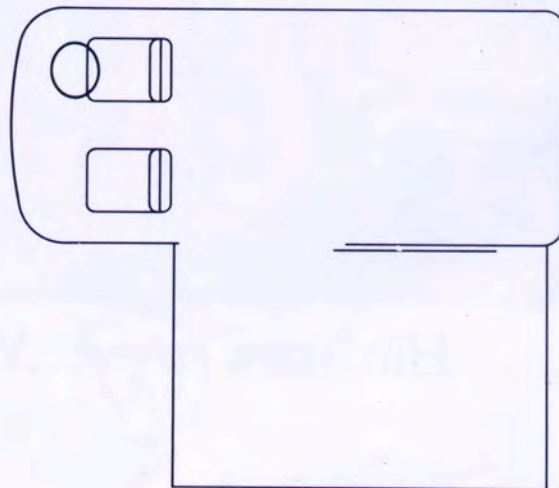

The lightweight extra room.

A clip and you're attached.

Adds 60 square feet of living accommodation.

It goes with y

The VW Motent. The perfect attachment for your Motor Caravan.

The VW Motent is designed and made to fit all UK specification Volkswagen Motor Caravans, Microbuses and 12 Seaters from 1968 onwards. Our Motent is a fast, smart way of adding another room to your Motor Caravan – 60 square feet of extra living accommodation. It's easy to get attached. A special plastic channelling just clips over the rain gutter on the vehicle roof, so modifications aren't necessary. And when it's disconnected, the Motent is free-standing.

That's the beauty of the VW Motent – you can leave it behind ; to keep your place, to store loose articles when you go on a trip, or for the children to sleep in when you're off for a night out.

Just as you would expect from Volkswagen, the Motent has been designed with all the comforts of a home away from home. The walls and roof are water resistant. There's a big, clear PVC window to let in natural light, complete with a curtain for privacy. A nylon mesh side window provides extra ventilation, and for additional weather protection there's a roll-down night and rain cover.

If it rains the Motent's separate PVC nylon groundsheet will be a comfort to you. It's shaped to give maximum protection, and it's easy to put down, take up and clean.

You'll quickly learn the ins and outs of the VW Motent. The large side door and rear flap door both zip up when the Motent is free standing. The lightweight alloy poles are colour coded for quick assembly, and when your travelling is over, the Motent packs away into two separate bags.

The VW Motent. Spacious, versatile and hard-wearing.

you...

...It stays to come home to.

Specifications

Roof, Walls and Doors

Sand brown roof and vat-dyed orange walls made in water resistant 6 oz cotton canvas.

The side door and rear flap door have nylon zips.

Windows

Nylon mesh side window (20" x 30") with a roll down night and rain cover.

Clear PVC front window (88" x 36") with full size cotton curtain.

Groundsheet

Deluxe PVC/Nylon Wavelock with a rim 6" high, which fixes to each corner pole and the canvas walls of the tent, giving maximum water protection.

Framework and Pegs

THE VW MOTENT

Our records indicate that during the past three years you have purchased one of our Type 2 models. We feel that you may therefore be interested in the VW MOTENT which has been designed exclusively to fit these vehicles.

The VW MOTENT really is as good as it looks in the enclosed leaflet. Your local VW Dealer will be only too pleased to demonstrate to you the qualities of the VW MOTENT, and this can be arranged by either completing the form below or visiting your Volkswagen Dealership.
