VOLKSWAGEN VIKING

"An outstanding design. The most successful ever on a Volkswagen".

VOLKSWAGEN
VIKING

Viking. So much more than a Volkswagen.
Viking is an entirely new concept in motor caravan design.
Its versatile use of space, ingenious design and superb quality sets it apart from all other Volkswagens.
Viking is ahead of the field – in every field.

There's room for everything in a Viking.
Room for lounging and dining.
Room for cooking and room for loving.
And a separate room for the children.
All are tastefully furnished and thoroughly practical.
There's seating for up to six adults and a child and room enough for all to get a good night's sleep.

As a car or a caravan Viking is unique.
It's one of the truly great motor caravans of our time.

Guarantee
Volkswagen (GB) Limited guarantee the engine, transmission and other mechanical components within the terms of their normal warranty.
The Viking conversion is guaranteed unconditionally by Viking Motorhomes for a period of twelve months from the date of purchase

Dining Car and Lounge

So versatile is the seating arrangement in a Viking that it quickly converts from a four or five seater dining car to a luxury lounge complete with L-shaped settee and coffee table. Perfect for lounging around or a quiet siesta.

VOLKSWAGEN
VIKING

Galley

The Viking galley is the most revolutionary and well equipped of any Volkswagen.
Meals on wheels are no longer the problem they are in other motor caravans.

No Volkswagen ever built has a galley quite like the one you'll find in a Viking.
All the units are conveniently arranged and at a normal working height.
You can stand to cook and wash (there is a seat if you prefer to sit) and there are beautiful laminated worktops everywhere.
There's room for three gaz bottles and all your pots and pans.
The cooker and basin are in polished stainless steel and the food cupboard is fully lined in wipe clean laminates for complete hygiene.
There's a separate refrigerator which operates off its own gaz supply or from a battery.
Water is pumped electrically from an enormous underfloor tank and there's oceans of storage space for tall bottles of wine, crockery and cutlery.

Boudoir

This is the master bedroom. Big double bed, six feet long (we can make it a foot more if you wish) and five inches of deep foam mattress.
There's a stereo system for mood music and a radio to keep you in touch with civilisation.
There are optional bunks in the elevating roof and cab and a super Isabella side tent which will sleep three adults – free standing of course.

This is the Isabella awning. The most fabulous side tent ever made by man.
Chosen for the Viking because of its quality and style.
It has room enough for three berths and is guaranteed for five years.
It's free standing, of course.

Specification

TECHNICAL DATA

Engine 1600 cc
Air-cooled four-cylinder, four stroke flat four engine mounted in rear.
Capacity: 1584 cc
Output: SAE 60 bhp at 4400 rpm. Compression ratio 7.5 to 1. Maximum torque 81.75 ft lbs at 3000 rpm (SAE). Single downdraught carburettor with automatic choke. Thermostatically controlled fan air cooling.
Oil cooler. 12-volt electrical system. 45 Ah battery. Early cut-in generator with Max. output of 38 amps (approx 540W).

Engine 1700 cc
Capacity 1679 cc
Output: SAE 74 bhp at 5000 rpm. Compression ratio 7.3 to 1. Maximum torque 85.3 ft lbs at 3400 rpm (SAE). Twin downdraught carburrettors with automatic choke. Alternator with output of 55 amps (approx 770W).
Differences on models with automatic transmission: SAE 70 bhp at 4200 rpm. Maximum torque 87 ft lbs at 3200 rpm (SAE).

Transmission
1600: Via clutch full baulk-synchromesh four speed gearbox, differential and double-joint drive shafts to rear wheels.
1700: As for 1600.
To special order: Automatic transmission with hydrodynamic torque converter.

Chassis
1600: Suspension by means of torsion bars front and rear combined with double acting telescopic shock absorbers. Wheel suspension and location by means of cranked trailing links up front and semi-trailing arms at back. Torsion bar stabilizer on front axle. Hydraulic steering damper and safety steering column. Dual circuit brake system with disc brakes up front and deceleration-sensitive brake pressure regulator.
Tyres: 7.00 – 148 PR:
1700: Tyres: 185R 14C (radial ply):

Performance
1600: Maximum speed 68 mph. Optimum hill climbing ability on good roads fully laden and in first gear: 1:3:7.
Consumption (regular fuel): 24.8 mpg* imperial.
1700 (Figures for automatic models in brackets): Maximum speed 78 mph (75 mph). Optimum hill climbing ability on good roads, fully laden and in first gear: 1:3:6 (1:4:7).
Consumption (regular fuel): 22 mpg* imperial (21.7 mpg).

Dimensions
Length: 14′9″. Width: 5′7½″.
Height: Fixed roof 77″, Elevating roof 81¼″.

Extras at no extra charge

Cab
Plastic lining throughout. Footwells lined with plastic foil. Floor lined with insulating rubber matting. Wheel housings damped with rubber. Driver's seat adjustable to nine positions even when vehicle is in motion. Passenger's seat adjustable to two positions. Leatherette seats. Safety door locks. Coat hooks. Door pull-to mouldings.
